UVISION U18

Surgeons and Nurses worry about the hazards that the Operating Room can bring daily. Bodily fluid and blood splatter are no joke or anything to risk. UVISION has found that people are looking for something to protect along with being comfortable, stylish, cost-effective and user friendly.

U18 offers ultimate comfort and a pressure-free fit, weighing less than an ounce (18 grams). The U18 provides exceptional optical clarity with reduced glare, anti-fogging and unobstructed wrap-around vision. The innovative frame design ensures a non-slip fit on any face, combining comfort with a protective barrier. Inclined aerodynamic lens geometry maximizes ventilation while minimizing glare. Soft nosepiece fits comfortably. Download a [specification sheet](#) for complete measurements. The U18 is a limited re-use product, which is very cost effective, check out this [study](#) done at a local hospital.

UVISION's U18 is available within two days of placing an order. You can purchase the U18 at www.UVISION.com or by contacting a distributor in your area by calling 877-357-1801. Looking for a local UVISION distributor? Request to have a distributor contact you by visiting our contact page or use the find a distributor feature on our website www.UVISION.com.

Have you participated in our evaluation? We would love to hear from you!
